## HRS Families ...

As we begin another new school year educating the youth of the HRS community, I want to share this quote I recently received from a staff member. These words of St. John Cantius beautifully capture the value of educating the mind and spirit of children:

"What kind of work can be more noble than to cultivate the minds of young people, guarding it carefully, so that the knowledge and love of God and His holy precepts go hand-in-hand with learning? To form young Christians and citizens — isn't this the most beautiful and noble-minded way to make use of life, of all one's talents and energy?"

As a scientist whose work anticipated that of Galileo and Newton, St. John Cantius, himself, demonstrated how faith and intellect can combine and bring good into the world. Our thanks go out to the teachers and catechists who help shape the development our young people!  
Have a good week.

## In Memory of Stanley William Busta -

As a new school year begins, HRS would like to honor Stanley William Busta. Stan, who passed away during the last school year, worked as a custodian for HRS and the Church. He also served as a guide/ instructor/teacher of bowling to a great many Montgomery children. "Roll the ball, roll the ball," was Stan's advice to young protégés. Most Holy Redeemer School is very appreciative of both Stan's service and his generous bequest. His influence lives on!

*Blessed are those who are generous,  
because they feed the poor.  
- Proverbs 22:9*
